Clean Up.
Tomorrow will be observed as Clean Up Day in Carlsbad, as already announced in last week's issue of the Current, and the people are urged to make a systematic cleaning of their yards and premises. All kinds of rubbish should be placed in piles in the streets and alleys as early in the day as possible as the wagons will only go over the route once.

Especially attention is called to the necessity of making the city as clean and attractive as possible, because of the visit of the people from Dallas. The city should have her "best foot foremost" in their honor, if for nothing else.

The Women's Club has taken a prominent part in this matter thru its chairman of civic work, Mrs. W. H. Woodwell, and the citizens generally should show appreciation of her labors by a hearty co-operation. Let's all pull together for the cleanest as well as the most beautiful little city in New Mexico.

To have a fine healthy complexion—the liver must be active, the bowels regular and the blood pure. All this is brought about by using HERBINE. It thoroughly cleanses the liver, stomach and bowels, puts the body in fine condition and restores that clear, pink and white complexion so much desired by ladies.

To Make Glass Tough.

The brittleness of glass is due to the quick cooling of the hot substance. It is known that constant motion tends to rearrange the molecule in any substance, and a similar effect is observed when glass is held in a weak solution of salt in water and allowed to cool gradually. The toughness of the glass is increased very much, and the effect of quick heating is less disastrous to it. This is easily applied to articles such as glass globes for lighting purposes and prevents much breakage.

Keep Your Eye on that Can

When Buying Baking Powder

For this is the baking powder that "makes the baking better."

It leaves the food evenly throughout; pulls it up to any lightness, makes it delightfully appetizing and wholesome.

Remember, Calumet is moderate in price—highest in quality.

Ask your grocer for Calumet. Don't take a substitute.

RECEIVED HIGHEST AWARDS. World's Pure Food Exposition, Chicago, Illinois, Paris Exposition, France, 1904, 1905.

You don't save money when you buy cheap or big-can baking powder. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet is far superior to our milk and soda.

To Which Class of Motor Car Buyers do You Belong?

NOW THERE ARE JUST TWO CLASSES OF MOTOR CAR BUYERS WHO MAY QUESTION THE FOREGOING STATEMENT AND ASK TO HAVE IT EXPLAINED. FIRST, THOSE WHO HAVE DEFINITELY MADE UP THEIR MINDS TO HAVE THE VERY BEST THERE IS IN A MOTOR CAR, BUT WHO DOUBT THAT ANY COMPANY CAN TURN OUT THE VERY BEST TO SELL AT THE MEDIUM PRICES AT WHICH CHALMERS CARS SELL.

SECOND, THOSE WHO ARE INCLINED TO BUY CARS ON "SPECIFICATIONS" AND PRICE ALONE—WHO FEEL THAT A LOW-PRICED CAR IS "GOOD ENOUGH."

FOR THE BENEFIT OF BOTH CLASSES OF BUYERS WE GIVE BELOW SOME VALUABLE MOTOR CAR FACTS. THESE FACTS SHOW WHY YOU ARE REALLY MONEY IN POCKET BY PAYING THE CHALMERS PRICE RATHER THAN THE LOWER PRICES. THESE SAME FACTS ALSO SHOW WHY IT IS UNNECESSARY TO PAY MORE THAN THE CHALMERS PRICE TO GET THE MAXIMUM IN SATISFACTION AND SERVICE.

The Crankshaft in a Chalmers car costs us \$6 more than a crankshaft that "would do." Multiply \$6 by 8000 and you get an idea of how much we could save by using a crankshaft that is just "good enough." Chalmers crankshafts are identical in material and workmanship with shafts used on the highest priced cars built in America.

We think a crankshaft too important to skimp. It's the thing which the Giant called Gasoline, who lives in your motor, grips hold of when he makes your car go. He lays on the shaft a tremendous force. That he has never broken a single crankshaft in a Chalmers car, is a fact of which we are proud.

We could save \$15 in the cost of each body if we used what is known as a straight-sided instead of a flush-sided design. An equal amount we could skimp from the finishing process. But if we did a Chalmers would not be so beautiful, so satisfying to the eye, as it is now. It would resemble some of the "good enough" cars.

Because we use on the Chalmers drive shaft a double universal joint of finest material, instead of a single one as we might use, it costs us \$5.50 more. Our radiator costs \$5 more than we need pay to get a radiator that will keep the motor cool at all times. But the one we do use looks much better and it wears much longer than the one we MIGHT use. The radiator is not designed merely to last through the guarantee period, but for years.

Our rims cost \$4.50 more than another sort which would be "satisfactory." The mohair in a Chalmers top is the very highest grade procurable. For \$10 less per top we could buy material which when new could not be told

from ours except by an expert. If we used a "split" leather instead of No. 1 grade real leather for upholstery we could save \$10 per car. The Turkish type springs in our cushions make each car cost \$3.50 more than if we used the ordinary spiral upholstery springs which are commonly used—under the leather where you can't see them.

The same principle applies all through the car. Everywhere we have used better material than would be required to "get by" for the present. But if we used any other kind we could not continue permanently—and we are in the business to stay.

Dallas Business Men Coming.

Dallas, Texas, April 15.—Starting on a two thousand mile journey and a visit to more than eighty cities in the Pandhandle, West Texas, and the Pecos Valley country, more than one hundred representative merchants, manufacturers, and bankers of Dallas will leave this city Thursday morning April 17, and arrive in Carlsbad Monday morning, April 21. This will be the thirteenth annual excursion of the Dallas Chamber of Commerce and every man taking part in the trip is a member of that organization. More interest is manifested in the 1913 excursion than any trip of the kind ever taken before, for the reason that the itinerary includes points in the Pecos Valley of New Mexico, whose varied resources and wonderful progress have attracted the attention of the business men of Dallas and they are anxious to see that this city get in closer business relations with Carlsbad merchants and business men as well as to meet them personally.

"Dallas is prepared to handle the needs of every section of the Southwest in a manufacturing and merchandising way," said T. E. Jackson, vice-president of the Chamber of Commerce. "Our visit to Carlsbad is made for the purpose of giving those taking part an opportunity of meeting the merchants and business men of Carlsbad and seeing for ourselves the evidences of growth and varied resources with which we are becoming more and more familiar."

The special train will consist of six Pullmans, dining car and tourist car, the latter for a band that will accompany the party. Souvenirs of the trip and of Dallas will be distributed at each place visited.

The Quality of Mercy.
A notorious mountain moonshiner, familiarly known as Wild Bill, was tried before a federal court in Georgia and was adjudged guilty. Before pronouncing sentence the judge lectured the prisoner on his long criminal record and at last, informing him that the court entertained no feeling of anger toward him, but felt only unmitigated pity, sentenced him to spend six years in the federal prison at Atlanta.

Bill stolidly shifted the quid of tobacco in his mouth and turned to leave the courtroom with the marshal. Once outside the only thing he said was this: "Well, I suah am glad he wa'n't mad at me!"

SPECIAL FOR MAIL ORDER BUYERS

All We Ask is a Fair Show

You can't be blamed for getting the most you can for your money—but be sure you get it.

Before you order a "mail order" separator write to the concern and tell them that you want to try their machine out against a De Laval, with the privilege of sending their machine back if you decide that the De Laval is better worth what we ask you for it than their machine what they ask.

That's absolutely fair, isn't it?

We'll be glad to furnish you a De Laval for such a trial any time you like and let you be the judge.

We are glad to make this offer because we know that the De Laval will give you better service and cost you less in the long run than any other machine you can buy, no matter what the price.

Easiest to turn, easiest to wash, skims the cleanest lasts the longest

SOONER OR LATER YOU WILL BUY A DE LAVAL
